⁽¹⁾ Fleet size is determined by the definition in California's Statewide Truck and Bus Regulation (number of owned vehicles with manufacturer's gross vehicle weight, GVWR > 14,000 lbs).

⁽²⁾ The date when a vehicle funded by Prop. 1B becomes eligible to be included in the equipment owner's fleet averaging calculations for purposes of compliance with the Statewide Truck and Bus Regulation.

⁽³⁾ Vehicles funded by Prop. 1B and subject to the Drayage Truck Regulation are not currently eligible to be included in the equipment owner's fleet averaging calculations for purposes of compliance with the Statewide Truck and Bus Regulation until after the Prop. 1B contract term is fulfilled and the truck exits drayage service.
